West leads 7♣ against 6♦. You take with an ace and draw two rounds of trumps, which turn out to be 2-2.

It seems that the contract depends on the heart finesse. However, if W has K♥ and 4 spades, he can be endplayed. Draw all ♠ top tricks, ruff a spade and a club ending in dummy. If W hasn't show out in spades, play your last spade. If E follows, you have to ruff and hope for the heart finesse. However, if E shows out, play 2♥ (loser on loser). W will win with the spade and will be endplayed:
